

Dear Exhibitor,

It is that time again. We are getting ready for our annual Sherman Hill Model Railroad Show for 2017 in conjunction with Cheyenne Depot Days.

There will be a few changes this year so please read your contract carefully. We have been working diligently on a new floor plan. There is a max of 6 tables or 6 booths per exhibitor. Tables and booths can't be mixed. All spaces for vendors are available until a completed contract and funds have been received, for layout only need completed contract.
